

Since 1989 Lomir Biomedical has distinguished itself as a leading-edge designer and manufacturer of high quality innovative, easy to use and durable equipment for biomedical and research facilities around the world.

— **Among the customers we are proud to serve are**

- Private Contact Organizations
- Pharmaceutical Companies
- Research Institutes/ Universities/ Teaching Hospitals
- Biotechnology Companies
- Government Institutions

— **Design expertise**

Innovative design is a Lomir hallmark. Each product incorporates carefully chosen materials and special features that increase comfort for the subject and facilitate use for the handler. The difference is in the design details.

— **Lomir's extensive list of products include**

- Small animal infusion systems
- Large animal infusion systems
- Large animal jackets
- Telemetry Systems
- Protective collars (Elizabethan, Cervical & Pillow)
- Dermal Applications, Inserts & Jackets
- Rodent Restraints "The Snuggle Family"
- Protective Gear for Animal Handling
- Primate Capture Nets
- Environmental Enrichment
- Infusion Syringe Pumps

— **Commitment to integrity**

Lomir's success is founded on its respect for integrity and its absolute commitment to customer satisfaction. Biomedical research is a costly venture and Lomir's durable and reliable products reduce or eliminate many of the factors that compromise investigations whether they involve toxicology, pharmacology, physiology, neuroscience or veterinary science. The ethical treatment and well being of research animals are of a paramount importance and Lomir's testing and restraint equipment is designed to minimize discomfort and stress levels, thereby protecting the integrity of the procedure.

— **A valued partner**

Lomir is proud to be the only biomedical design manufacturer of its kind to offer comprehensive consulting services. Our team of highly trained professionals have expertise in such diverse areas such as engineering, drafting, biological research, pattern making and sewing. If you have a question or unique research problem that you would like to discuss, please contact us and we will suggest and design an appropriate product for your specific needs. The impossible is only an unexplored idea.

**DESIGN
THROUGH
INTEGRITY.**

Infusion Systems

- Small Animal Infusion Systems
- Large animal infusion Systems

Large Animal Jackets

- Primates
- Swine
- Canine
- Farm Animals
- Custom Manufacture

Telemetry Systems

- Undershirt & Jacket Ensembles
- Equipment for specific external

Protective Collars

- Elizabethan
- Cervical
- Pillow

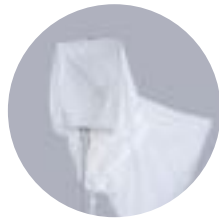

Dermal Applications

- Jacket Inserts

Snuggle Family

- Bunny Snuggle
- Rodent Snuggle
- Guinea Pig Snuggle

Primate Capture Net

- Stainless Steel
- Polyester Mesh
- New & Old World Primates

Small Primate Handling

- Kevlar lining
- Goat skin leather

Incremental Animal Handling

- Kevlar arm protectors
- Leather gauntlets & doublers
- Five standard sizes available

Small Animal Handling

- T/Flex Plus

Restraint & Slings

- Frames & Slings
- Portable Panepinto Sling
- Rodent Sling

Primate Enrichment Technologies

- Innovative foraging devices

Choo Enrichment

- Primates
- Canines
- Certificate of Analysis

Rodent Enrichment Technologies

- Cozee Pads - 3 sizes
- Gnaw Pucks - 2 sizes
- Certificate of analysis available

Aspen Enrichment

- Chew Stick
- 100% Aspen Wood
- Certificate of analysis available
